

SlackTyde Charters

CAPTAIN. TYLER KEEGAN

MARCO ISLAND, FL

SlackTyde Charters is locally operated and owned by Captain Tyler Keegan offering fishing charters, sunset trips, eco-tours and various dolphin, manatee and shelling tours. Every tour is exclusive and private..we do not do split trips with others. All trips include a cooler, bottled water and ice.

Capt. Tyler was born in Marco Island, Florida and raised fishing these waterways. Capt. Tyler purchased his first boat at the age of 11 from money that he saved washing boats. That is when his dream of opening a business exploring Marco Island and the Ten Thousand Islands and The Florida Everglades first began. Capt. Tyler is also an activist with local biology and ecology of the waterways and is addicted to everything Florida has to offer! A percentage from each charter goes towards organizations like Captain for Clean Water and MANG to help ensure that our waters are clean and pristine for years to come.

SlackTyde Charters is operating out of Collier County Caxambas Park, which is located at 909 Collier Ct. Marco Island, FL 34145. Please check out our website and call us when you are ready to book a charter! I hope I get to share this amazing place with you give you a memory you will never forget. Always remember, Local Knowledge is Necessary.
